

Welcome to Invicta Clamps

The Leading Clamping Solution

ABOUT US

Invicta Clamps is headquartered in Delhi, India and primarily operates in the lucrative niche category of clamping products. The company offers 20,000 products and solutions for a wide range of applications. Since 1980 Invicta has been at the fore front of clamp and connecting technology. With a comprehensive range and proven quality and reliability, Invicta clamps are second to none. All Invicta clamps are manufactured to stringent quality standards. We provide the most upto date range of clamping products for agricultural machinery, commercial vehicles, construction equipment, engines, aviation, infrastructure/construction/water management, passenger vehicles, railway, white goods, wholesalers, and technical distributors. Today Invicta Clamps are used by more than 1000 customers in 120 countries. With 7 production facilities and 10 warehouses, Invicta Clamps is continuing on its journey with consistent year-over-year growth in sales volume and R&D expenditure. With the support of our dedicated employees, we consistently products that exceed the expectations of our customers.

Company Hierarchy

Testing and Quality Inspection

Unwavering Quality at Invicta Clamps

At Invicta Clamps, we are dedicated to upholding the highest standards of quality in the manufacturing of our clamps. With a history of excellence spanning 45 years, our commitment to quality is the cornerstone of our legacy.

Precision Engineering

Our clamps are the result of meticulous and precise engineering. Every component, regardless of its size, undergoes stringent quality control to ensure a perfect fit and lasting performance, even in the most demanding applications.

Durability and Reliability

Invicta Clamps are synonymous with durability and reliability. Designed to withstand the challenges of a wide range of industries, our clamps consistently deliver dependable performance.

Exceeding Expectations

Our promise is to exceed industry standards and customer expectations. We go the extra mile to ensure that our products are renowned for their quality and reliability. Invicta Clamps is your assurance of exceptional clamping solutions that you can rely on.

SOFTWARE CAPABILITIES

AutoCAD, VERACAD

SolidWorks, ProE, CATIA, NX, Creo

MATLAB, LaTeX, RC++, Python, JAVA

Forge 3D and Deform 3D : White Light Laser Scanning Machine, CMM

Instrumentation : LabVIEW

Finite Element Analysis : Ansys, Fluent

Analysis and Simulation: ANSYS, COMSOL, HyperMesh

SketchUp

MANUFACTURING FACILITIES & PLANT OVERVIEW

RIR CERTIFICATION
Partners in Growth

CERTIFICATE

REX CONSOLIDATED

80 DLF, INDUSTRIAL AREA, PHASE 1, FARIDABAD-121003, HARYANA, INDIA

RIR certifies that the Environmental management system of the organization has been assessed and found to be in accordance with the requirements of the following standard:

ISO 14001:2015

SCOPE

MANUFACTURING & SUPPLY OF EXHAUST SYSTEMS COMPONENTS, EXHAUST RAIN CAPS, CLAMPS, UNIVERSAL CLAMPS, CUSTOM DESIGNED CLAMPS, V-CLAMPS, HYDRAULIC ACCUMULATOR CLAMPS, AIR TANK CLAMPS, DIN POLE/ROTATING BEACON MOUNTING BRACKETS(DIN14020), SEALANTS AND GASKETS, TRUCKS & TRAILER PARTS, FUEL TANK ACCESSORIES AND COMPONENTS, BUILDING HARDWARE COMPONENTS, FASTENERS, PRECISION METAL PARTS AND COMPONENTS, FLANGES, PIPE FITTINGS, RUBBER COMPONENTS, SPRING AND WIRE PRODUCTS, PLASTIC MOULDED COMPONENTS, AGRICULTURAL COMPONENTS AND TRACTOR PARTS

EA CODE- 14,17,22

Certificate No	: 1530/REX14A
Registration Date	: 04.11.2022
Issue Date	: 04.11.2022
Reissue Due Date	: 03.11.2023
1 st Surveillance Date	: On / Before 03.11.2023
2 nd Surveillance Date	: On / Before 03.11.2024
Recertification Date	: On / Before 03.11.2025

Certification Manager

RIR CERTIFICATION PRIVATE LIMITED
323, Tower B4, Space 1 Tech Park, Sector-48, Sohna Road, Gurgaon-122018, INDIA
Accredited by International Accreditation Service (Accreditation No. MSCB-127)
West Coast, 3060 Saturn Street, Suite 100 Brea, California 92617-1732 U.S.A.
This certification was conducted in accordance with RIR auditing & certification procedures and subject to regular surveillance audits.
Certification period is 3 years. Verifiable at <http://www.rircert.com/certificates-search.php> or at e-mail: info@rircert.com

VISION & GOALS

- **At Invicta Clamps our vision is to be the leading provider of manufacturing solutions in the industry. We strive to achieve this by constantly pushing the boundaries of innovation, quality, and customer service**
 - **Delivering high-quality engineered components across various industries.**
 - **Investing in advanced technologies and equipment to enhance precision and efficiency.**
 - **Maintaining rigorous quality control processes to ensure product reliability and safety.**
 - **Fostering a team of skilled professionals dedicated to exceeding customer expectations.**
-

Revolutionary Manufacturing Methods

Providing Tailored Solutions

Sustainable Practices

STAMPING

At Invicta Clamps, our vision is to be the leading provider of manufacturing solutions in the industry. We strive to achieve this by constantly pushing the boundaries of innovation, quality, and customer service.

MACHINING

At Invicta Clamps, we invest in the latest technology and equipment to provide our customers with the best possible products and services. We use advanced software and machinery to ensure precision and efficiency in all our processes.

SURFACE TREATMENT

At Invicta Clamps, we are proud to hold several industry certifications, including ISO 9001 and AS9100. These certifications demonstrate our commitment to quality, safety, and customer satisfaction.

COMPUTER AIDED DESIGN AND PRODUCTION CONTROL

Our design team has over 40 years experience in design and manufacturing techniques. The latest 3D design software and database techniques are used to ensure the optimum effective and efficient designs are generated. Where required F.E.A. Techniques can be applied to optimise clamp design and prototypes can be fully tested at our laboratory. All design and manufacturing details are entered into our integrated business system and customer requirements are added to our bespoke MRP system which generates material and manufacturing demand.

Advanced Leakage Testing Technology

At Invicta Clamps, we are committed to delivering the highest quality products to our customers. To ensure that our clamps meet the stringent standards for performance and reliability, we are proud to introduce our latest innovation – an advanced Leakage Testing Machine. This custom-developed, cutting-edge technology allows us to meticulously measure the leakage from our clamps with unrivaled precision.
