Product Information

The photographs and illustrations in this catalogue are provided for product identification and general reference. Please confirm dimensions, materials, surface finishes, vehicle compatibility and the scope of supply with us before placing an order.

We take care to present accurate information; however, errors or omissions may occur. Product specifications and availability are subject to change. The specifications agreed in our quotation, approved drawing or order confirmation will apply to the supply.

OEM References

Vehicle manufacturers' names, trademarks and part numbers are used solely for identification and cross-reference purposes. They remain the property of their respective owners. Their inclusion does not imply affiliation with, endorsement by or authorisation from those manufacturers.
